Portfolio

Frontend Developer and BCA graduate with practical experience in building responsive web applications using React.js, JavaScript, HTML, CSS, and Tailwind CSS. Currently working as a Frontend Developer, where I develop reusable UI components and create user-friendly interfaces for modern web applications. I enjoy writing clean, maintainable code and continuously improving my frontend development skills. I'm eager to contribute to a team where I can learn, solve real-world problems, and build high-quality web applications.
